EID AL-ADHA 2026

Community Events — Grant Proposal

Submitted to the Laamu Gan Island Council

Executive Summary

This proposal requests grant funding from the Laamu Gan Island Council to support a four-day Eid al-Adha 2026 community celebration in Mukurimagu. The programme has been thoughtfully planned to bring together residents of all ages — honouring our island's traditions while creating a vibrant and inclusive festivity for the entire community.

Activities span four days and include Ge Roakerun, a historic fire-lighting ceremony; Eid Sai, a communal feast; a full day of traditional games and competitions; the Maali Parade; a Color Run; and a Karaoke Fun Night. Each event is designed to encourage participation, strengthen community bonds, and celebrate the spirit of Eid al-Adha.

The total estimated budget for all four days is MVR 105,000. We respectfully request the Council's support to bring this celebration to life for every resident of Mukurimagu.

Event Programme

The following section outlines each day's programme in detail, along with the estimated costs.

Day 1 — Ge Roakerun & Eid Sai

The celebrations begin with Ge Roakerun — a tradition as old as the island itself. In the days before telephones or radio, our forefathers found a powerful way to announce the arrival of Eid: by lighting a great fire at dawn. The flames, visible across the open water, served as a signal to neighbouring islands that Eid had been confirmed and the day of celebration had come. A simple act — but one filled with meaning and ingenuity.

Today, we carry that tradition forward. The lighting of the fire on the morning of Eid al-Adha is more than a ceremony — it is a living connection to the generations who built this community, and a reminder of the values of togetherness and shared joy that define Mukurimagu.

Following Eid prayers, the community comes together for Eid Sai — a communal feast shared by all residents. Food, drinks, and refreshments will be provided for everyone, ensuring that the joy of Eid is felt in every corner of the island.

Day 2 — Happening Day

Day 2 is dedicated to fun, energy, and friendly rivalry. Five back-to-back community games will be held, each drawing on local tradition and the competitive spirit of our island. Events are open to all ages, and every resident is encouraged to take part — whether competing, cheering, or simply enjoying the atmosphere.

Day 3 — Maali Parade

Day 3 brings the island to life with the Maali Parade — a colourful procession that winds through the village and showcases the creativity and cultural pride of Mukurimagu. Families, groups, and especially children are invited to decorate and march together in celebration.

The Maali Parade is always one of the most anticipated events of the Eid season. It draws residents of all ages out into the streets, creates a festive atmosphere across the island, and gives our community a chance to express their identity and joy in a truly visible way.

DAY 3 MAALI PARADE

Day 4 — Color Run & Karaoke Fun Night

Day 4 opens with a Color Run — a non-competitive, all-ages event where participants are showered in bursts of coloured powder as they run through a set course. It is high-energy, wildly photogenic, and has become one of the most beloved community event formats across the Maldives. No winners, no pressure — just colour, laughter, and good memories.

As evening falls, the four-day celebration draws to a close with a Karaoke Fun Night. The community gathers one last time to unwind, share the stage, and celebrate together. It is a fitting and joyful end to an Eid that will be remembered long after the festivities are over.

Marketing Strategy

Reaching every resident of Mukurimagu is key to making these events a success. The following channels will be used to promote the programme and maximise participation.

Social Media

Daily updates, event countdowns, and behind-the-scenes content will be shared across the island's community WhatsApp groups and Facebook page. Photos and short videos from each day will be posted in real time, keeping the excitement going throughout all four days and encouraging those who haven't attended to join in.

Word of Mouth & Community Leaders

Island elders, teachers, and respected community figures will be personally briefed and encouraged to spread the word within their networks. Their involvement not only amplifies reach but lends the events a sense of collective ownership that encourages broader participation.

Conclusion

Eid al-Adha is one of the most important occasions on our island calendar — a time to give thanks, strengthen bonds, and celebrate as a community. The four-day programme outlined in this proposal reflects that spirit in full.

From the historic fire of Ge Roakerun to the colour and energy of the final day's events, every activity has been planned with one goal in mind: to make every resident of Mukurimagu feel part of something meaningful and joyful.

The organising committee is committed to delivering these events with care, transparency, and strong community involvement. We are grateful for the Laamu Gan Island Council's consideration of this proposal, and we welcome any questions or further discussion. Together, we can make Eid al-Adha 2026 a celebration our island will be proud of.

This celebration is followed by "Maali Neshun", a traditional form of dance performed by a group of people painted and dressed up as evil spirits and ghosts. This tradition is based on an ancient folklore in which a Bodu Mas (a big fish) along with Maali (ghosts) had come out from the sea and a struggle to catch this fish ensued.
